Hi Wayne,

Gabby and I haven't heard from you since our face-to-face last Tuesday. What's up, is everything okay? I know our project is really hard, but it's even harder for us without you. Gabby and I had to hold a retrospective without you today, and we haven't been able to move forward to the next sprint.

Request #1: Can you please add the work you have already done to the report in google docs? This will help both Gabby and I with our motivation... to know you are making progress too. Here is the link to the report: [SE Assn 1B Report](#).

I have been thinking about what you said, about how difficult it is to write in English. Did you know there are Chinese peer mentors at the student learning centre? They would be able to help you a lot with how to manage this report. Here is a link to the [Chinese Student Support](#).

Finally, I am really keen to help you - we can work together if you like? How about we meet at the library some time this week?

Request #2: Please arrange a time with me so we can work together on the SE Project (or, please tell me if this is not something you want to do).

We have to find a way for you to take part Wayne, because at the moment your contribution is very low. I don't want you to end up with no marks at the end of the semester - but you have to put in the effort too.

I'm never far from skype if you need to chat, but I hope you will meet with me in person so we can get some progress done on the assignment.

All the best,
Sez
